SUBJECT: Resolution Amending Resolution 21-13 on User Fees and Charges

RECOMMENDATION:

- A. Conduct a Public Hearing on User Fees and Charges; and
- B. Adopt Resolution No. 21-__ entitled "A Resolution of the City Council of the City of Goleta, California, Amending Resolution 21-13, on FY 2021/2022 User Fees and Charges."

BACKGROUND:

On April 20, 2021, City staff presented the updated Cost Allocation Plan (CAP) and Comprehensive User Fee Study (Fee Study) to City Council. The fee consultant, Willdan Financial Services (Wildan), provided a detailed presentation on the cost-of-service methodology and analysis used to determine the full cost of providing City services. The City Council then adopted Resolution No. 21-13 adopting the FY 2021/2022 User Fees and Charges, which took effect on July 1, 2021.

DISCUSSION:

Shortly after adoption of Resolution No. 21-13, staff discovered that some fees need correction and updates. The following summarizes the recommended fee updates in each major category.

Finance, Administration Fees:

- Line 32 – Legal Fee – Assistant City Attorney – Hourly Billable Rate is recommended to change from \$130 to Actual Cost. This recommendation is needed to be consistent with Line 31 - City Attorney – Hourly Billable Rate and Line 33 - City Personnel which both state the fee to be at Actual Cost. The \$130 rate represents only the salary and benefit rate of the position which includes a 1.6% CPI adjustment. Actual Cost includes applicable direct and indirect

overhead rates that are added to the salary and benefit rate to achieve full cost recovery. When a central service department (City Attorney, City Clerk, City Manager, Finance) position works on a fee or project in the purview of an operating department (Planning & Environmental Review, Public Works, Neighborhood Services), the overhead rates of the operating department will be applied to that central service position's salary and benefit rate for full cost recovery. The overhead rates of each department were determined by the Cost Allocation Plan. An example of when a central service position may be used in the purview of an operating department is with Planning related developer deposits. If the Assistant City Attorney provides direct services for Planning related developer deposits, the Assistant City Attorney hourly billable rate is calculated at \$313.00 an hour to achieve full cost recovery.

Planning:

- Various Planning Fees with Land Use Permit (LUP) have had the "LUP" removed from the fee's description. Depending on the size of the planning project, the fees may be related to a Zoning Clearance or a Land Use Permit. Therefore, LUP was removed from the description.
- A Zoning Conformity Letter (ZCL) fixed fee of \$340.00 was missed in the previous resolution and will now be included.

Building and Safety:

- The first 3 pages of Exhibit A attached to Resolution No. 21-13 will be replaced in the proposed resolution. These pages of Exhibit A reflect the schedule of fees for building permit fees for Mechanical, Plumbing, Electric and Grading (MPEG). The MPEG building permit fee schedules in Resolution No. 21-13 utilized a different version of these building permit types and did not reflect the City's current building permit fees and categories. This schedule has now been updated in its entirety and reflects the 18% increase plus the 1.6% CPI that was presented at the time of adoption. In addition, the Plan Check Fees (plan review) for the MPEG permits increased from 65% of the permit to 75% for greater cost recovery. Adopting the updated schedules will correct the amounts for the permit types and line items associated with the permit types. It will also be consistent with the general building permit fees in the valuation tables.

For example, at the April 20, 2021 meeting the permit issuance fee for mechanical permits was shown at \$38.20. The revised permit issuance fee for mechanical permits is being recommended at \$28.17. The mechanical permit issuance fee of \$28.17 will now match the general building permit issuance base fee that was adopted and can be seen in the valuation tables.

It should be noted that these correction updates only apply to the Building fee section of the User Fees and Charges schedule and not the Residential &

Commercial Building & Safety Fees (valuation tables) as those fees and updates were presented correctly in the valuation tables.

- A Reinspection Fee was also added and is recommended to reflect the necessary services that could be applied to any MPEG and general building permit. The fee is recommended at \$131.88 and represents a 2-hour minimum assessment for additional plan review required due to changes, additions, or revisions to plans, or to plans for which an initial review has been completed. Adding this fee will allow the City to achieve cost recovery for services already being rendered.

Public Works:

- The Wireless Encroachment Permit Deposit fee was inadvertently not included in Resolution 21-13 and is proposed to be added. The deposit fee was previously listed at \$2,140.36 in FY 20/21. Staff recommends including the Wireless Encroachment Permit Deposit fee in the User Fees and Charges Schedule for transparency and recommends setting this deposit-based fee at \$2,175.00. Fees that are deposit-based start with an initial deposit amount made by the applicant. Depending on actual activity relative to the deposit, additional deposits may be requested if costs end up exceeding the deposit amount, or if a balance exists after completion of the work, any unused deposit amounts may be refunded back to the applicant.

Public Notice Requirement

A public hearing notice was published in accordance with California Government Code section 6066 for a hearing at this August 17, 2021, regularly scheduled City Council meeting to adopt a resolution that confirms and updates the user fees and charges. The notice was published in the Santa Barbara Independent on August 5, 2021, and August 12, 2021. Additionally, it was made available for public review on the City's website.

Conclusion

Staff is recommending the City Council adopt this resolution to amend Resolution 21-13 so that all user fees are captured and the cost of staff time spent on user permits are recovered.

FINANCE COMMITTEE REVIEW:

The Finance Committee met to review the draft Cost Allocation Plan and User Fee Study on August 3, 2020 and met to review the recommended CPI increase of 1.6% on April 7, 2021.

FISCAL IMPACTS:

Approving the updated recommended user fees and charges discussed above will correct the adopted fee schedules and align with the information presented in the CAP and User

Fee Study at the April 20, 2021, City Council meeting. Adopting the updated fees will allow the City to get closer to full cost recovery for providing services.

ALTERNATIVES:

The City Council could take no action, thereby maintaining the current user fees and charges, resulting in incorrect building and safety related permit fees, subsidizing fully burdened labor rates, and additional staff time to establish deposit amounts not formally adopted.

Background

- Staff and consultant presented the updated Cost Allocation Plan (CAP) and User Fee Study conducted by Willdan Financial Services and City Council adopted updated user fees on April 20, 2021, which took effect on July 1, 2021
- Certain fees need to be updated to correctly assess certain building permit fees, maintain consistency with hourly billable rates for full cost recovery and transparency with deposit-based fees. These adjustments are consistent with what was presented in the CAP and User Fee Study.
- Public Hearing required with revision to its fees. A public notice was published for this hearing in the Santa Barbara Independent on August 5, 2021 and August 12, 2021

Recommended Updates

Finance, Administration Fees:

- Line 32 – Legal Fee – Assistant City Attorney – Hourly Billable rate is recommended to change from \$130 to Actual Cost to be consistent with Line 31 - City Attorney – Hourly Billable Rate and Line 33 – City Personnel which both state Actual Cost.

Planning:

- Various Planning Fees with Land Use Permit (LUP) have had the “LUP” removed from the fee’s description. Depending on the size of the planning project, the fees may be related to a Zoning Clearance or a Land Use Permit. Therefore, LUP was removed from the description.
- A Zoning Conformity Letter (ZCL) fixed fee of \$340.00 was added as a clean-up item. The ZCL was initially part of the Fee Schedule in prior years but was missed during User Fee Study.

Recommended Updates

Public Works:

- Add back the Wireless Encroachment Permit Deposit fee that was missing from the schedule and set at \$2,175.00. Previously was listed at \$2,140.36. This is a deposit based fee, so actual costs will be billed as incurred.

Recommended Updates

Building:

- Building permit fee schedule for Mechanical, Plumbing, Electric and Grading (MPEG) have been corrected to reflect actual previous fees. The amounts and categories presented during adoption were a different version and did not match City processes. The updated correction includes the same 18% cost recovery increase and 1.6% CPI adjustment that was presented on April 20, 2021. No update is needed for the valuation tables.
- Adjust the Plan Check Fees (plan review) for MPEG permits from 65% to 75% for further cost recovery.
- Include Reinspection Fee to reflect necessary services that could be applied to any MPEG or general building permit. The fee is recommended at \$131.88 and represents a 2 hour minimum assessment for additional plan review required due to changes, additions, or revisions to plans, or to plans for which an initial review has been completed.
