SUBJECT: Regional Early Action Planning Grant Program Funding for San Jose Creek Multipurpose Path Project

RECOMMENDATIONS:

Approve a budget appropriation and grant revenue for \$729,866 into Fund 319 for the Regional Early Action Planning Grants Program of 2021 for the San Jose Creek Multipurpose Path Segments Project, as identified in the Fiscal Impacts section of the report.

BACKGROUND:

The Regional Early Action Planning Grants Program of 2021 (REAP 2.0) provided the Santa Barbara County region with \$5,839,412.28 to support programs and projects consistent with the requirements of the REAP 2.0 program. The REAP 2.0 program allocates 10 percent of the total, or \$583,941, to the agency implementing the program, Santa Barbara County Association of Governments (SBCAG), which leaves a balance of \$5,255,471.28 for sub-allocation to support projects in the region.

An application was submitted to SBCAG to help fund the San Jose Creek Multipurpose Path Project (Path Project) construction costs and close the gap between the Active Transportation Program funds awarded for the construction and the estimated construction costs. At the December 2022 SBCAG Board of Directors meeting, the Board approved seven projects to be included in SBCAG's application to the state agencies. At that meeting, the Board awarded the Path Project \$734,933 in grant funding. The State agencies ultimately approved the suite of projects approved by the Board in August 2023. An agreement was executed between the City and SBCAG for grant funding in June 2024.

State Budget and Impacts to the REAP 2.0 Funding

Execution of the agreement with SBCAG was delayed as staff was waiting to find out what the impacts to the REAP program would be after the State announced that there were proposed cuts to the program due to California state budget issues.

The REAP 2.0 program funding was threatened throughout the state budget development process. The advocacy efforts of local agencies, SBCAG, and others throughout the state preserved most REAP 2.0 funding, with a reduction. The allocation initially provided to SBCAG, \$5,839,412, was reduced by 5.88 percent to \$5,495,917.

SBCAG, with the concurrence of all the affected agencies, decided to reduce grant awards by 0.7 percent of the State’s reduced funding to the program. The City’s original grant award of \$734,933 for the Path Project has been reduced to \$729,866 and Amendment 1 was executed between the City and SBCAG in September 2024. Currently, SBCAG requires all final invoices for the REAP 2.0 funding to be submitted in March 2026. The program ends in June 2026.

DISCUSSION:

Appropriation of the REAP 2.0 grant funding will enable reimbursement for construction costs associated with the Path Project. Construction on the overall Path Project is expected to begin in late 2025. Public Works staff identified using the grant funds to fund the construction of the State Route (SR) 217 box culvert/tunnel component of the project, which Caltrans is currently constructing as part of the SR 217 Bridge Replacement Project. The total cost of the Caltrans construction change order to add the construction of the multipurpose path SR 217 undercrossing box culvert/tunnel to their project is \$3.2 million. The City will reimburse Caltrans for this work and cover the costs for Caltrans to manage this portion of the Path Project. Using the REAP 2.0 grant funds to help pay for reimbursing Caltrans for this construction ensures the expenditure of the funds by the final invoice date of March 2026.

FISCAL IMPACTS:

Table 1 outlines the recommended budget appropriations for the state grant:

Table 1: Budget Appropriations

Fund Type	Account	Account Name	Requested Appropriation	Total Available Budget
REAP 2.0 Grant	319-90-9006-44400	Grant Proceeds - State	\$729,866	\$729,866
REAP 2.0 Grant	319-90-9006-57071	Construction	\$729,866	\$729,866

ALTERNATIVES:

The City Council may choose not to appropriate the \$729,866 in grant funds from the REAP 2.0 grant that was awarded to assist the City with constructing the Path Project. Such a decision would entail forfeiting the opportunity to secure \$729,866 in funding to support the project.
