

Agenda Item A.2
CONSENT CALENDAR
Meeting Date: February 17, 2026

TO: Mayor and Councilmembers

SUBMITTED BY: Luke Rioux, Finance Director

PREPARED BY: Ryan Schwarz, Accountant

SUBJECT: Acceptance of the December 2025 Investment Transaction Report

RECOMMENDATION:

Accept the investment transaction report for the month of December 2025.

BACKGROUND:

Transmitted herewith is the investment transaction report for the month of December 2025. This report is provided in accordance with Government Code Section 53607 and the City's Investment Policy, which requires the City Treasurer to submit monthly investment reports to the City Council.

The City Treasurer, with support from Finance Department staff, continues to monitor idle cash balances and transfer funds between the City's checking and money market accounts on a daily basis, or as needed, to ensure liquidity and maximize interest earnings. In addition to managing daily cash, the City invests excess funds in a diversified portfolio of permitted investments, including the State's Local Agency Investment Fund (LAIF) and high-quality securities authorized under the Investment Policy.

In addition to these monthly reports, staff also submits a comprehensive quarterly report on the City's investment portfolio and related activity in compliance with the City's Investment Policy.

DISCUSSION:

Investment Transaction Report

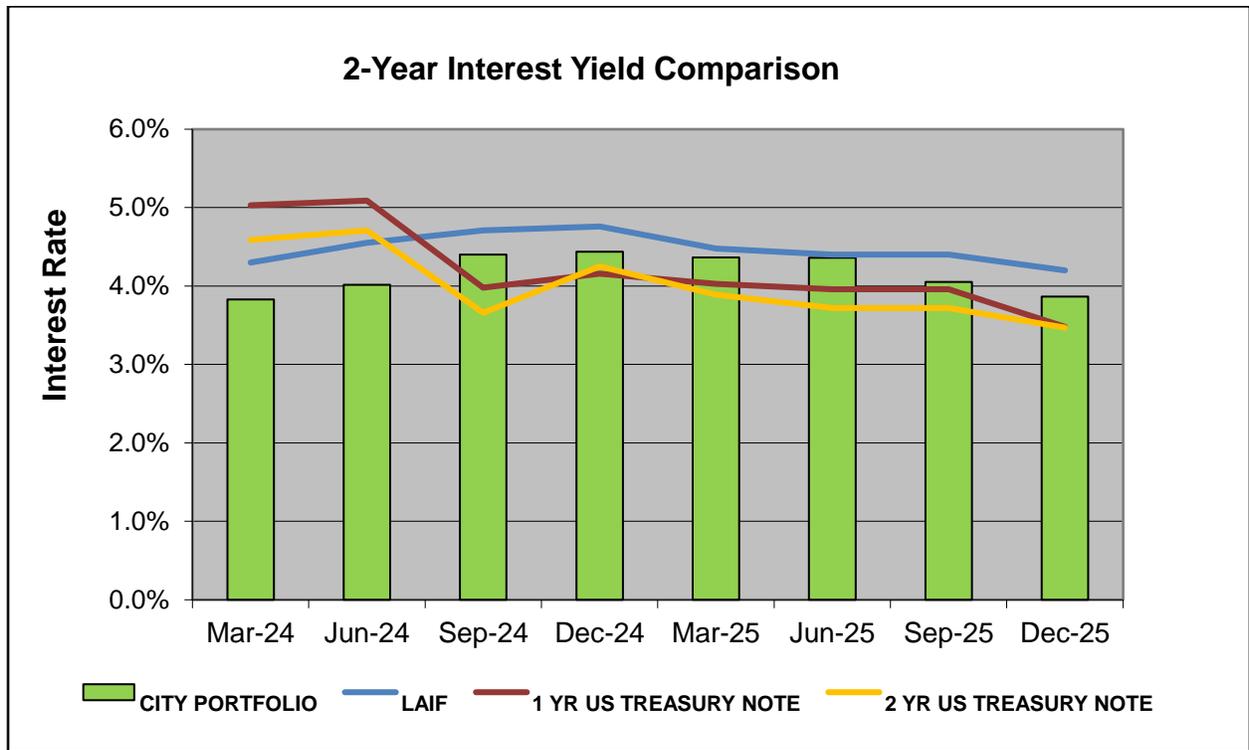

As of December 31, 2025, the City's pooled investment portfolio totaled \$72,239,414.11. The City's weighted average yield in December was 3.865%.

The City’s Fiscal Agent accounts totaled \$\$38,613,357.82. These balances include funds held for the City’s Section 115 Trust and bond proceeds and are not subject to the City’s Investment Policy.

Attachment 1 contains the Investment Transaction Report, which includes the Investment Activity and Interest Report, Summary of Cash and Investments, and Investment Portfolio detail as of December 31, 2025.

Benchmark Comparisons

Figure 1 shows a two-year interest rate trend chart comparing the City’s portfolio yield by quarter with its benchmarks, the Local Agency Investment Fund (LAIF) and the 1- and 2-Year US Treasury Notes. For reporting purposes, the LAIF yield displayed in the Summary of Cash and Investments (Attachment 1) is the Pooled Money Investment Account, which is used year round. However, the LAIF benchmark will display the actual apportionment rate for the quarterly analysis. These benchmarks serve as indicators of the City’s performance. Trends over time that substantially deviate from these benchmarks would warrant further analysis and review.

As of December 31, 2025, LAIF’s apportionment rate was at 4.20%, the 1-Year US Treasury yield was at 3.68% and the 2-Year US Treasury yield was at 3.60%, compared to the City’s portfolio yield at 3.865%. By the end of the quarter, Treasury yields were slightly lower across the yield curve’s maturity terms. Since the prior quarter, the 1-Year US Treasury yield has decreased from 3.96% to 3.68%, decreasing by 28 basis points.

The 2-Year US Treasury yield decreased from 3.72% to 3.60%, decreasing by 12 basis points. The LAIF daily rate is trending below 4.03% at the time of preparing this report.

In the current interest rate environment, the City's interest earnings are forecasted to gradually decrease. Short-term and liquid investments like local government investment pools and money market funds tend to follow the Federal Funds Rate very closely. On December 10th, the Federal Open Market Committee (FOMC) cut the Federal Funds Rate by 25 basis points to a target range of 3.50% and 3.75%. At the time of this report, the next FOMC meeting was scheduled for March 17th – March 18th, 2026.

The pooled cash report is included as Attachment 2. Balance Sheets for the General Fund and all Special Funds are included as well, as Attachment 3.

FINANCE COMMITTEE REVIEW:

The Finance Committee met to review the December 2025 Investment Transaction Report on February 9th, 2026.

FISCAL IMPACTS:

As of December 31, 2025, the investment portfolio is in compliance with all State laws and the City's Investment Policy. There are sufficient funds available to meet the City's expenditure requirements for the next six months.

APPROVED BY: Robert Nisbet, City Manager

Notes:

- (1) Community West Bank serves as the City's primary banking institution. Interest earnings are guaranteed at a minimum rate 0.7098% per banking agreement for the money market account. The rate may be adjusted to match the higher of the Pooled Money Investment Account (PMIA) or quarterly Local Agency Investment Fund (LAIF) apportionment rate. All deposits held are required to be fully collateralized by State law. The City has a written collateralization agreement with Community West Bank to ensure the safety of public funds and utilizes an irrevocable letter of credit through the Federal Home Loan Bank of San Francisco.
- (2) For reporting purposes the LAIF yield displayed is the Pooled Money Investment Account (PMIA) effective yield available at the time of preparing this report. The apportionment rate is the actual interest earned from LAIF and is based on the prior three-month average of the PMIA effective yield, net of administrative costs. As of FY 17/18 the quarterly apportionment rate includes interest earned on the CalPERS Supplemental Pension Payment loan pursuant to Government Code 20825 (c)(1) and in FY 18/19 interest earned on Wildfire Fund loan pursuant to Public Utility Code 3288 (a), which are not reflected in the PMIA monthly effective yield, due to the structure of the loan.
