Dear Sir, Madam,

I would like to bring to your attention a few issues that may have escaped the City of Goleta's awareness concerning both the state of pavement of our street and road safety in our neighborhood, that is Encanto Height, near the Do Pueblos High School Campus.

As far as pavement issues are concerned, it seems that, for some reason that I cannot explain, the City has been postponing the re-asphalting of our street (San Mateo Avenue) for years, while all the other neighboring streets have been duly repaved. At present, our street is peppered with cracks and holes, which may result in damage to residents' vehicles.

I will be happy to discuss those issues furthermore with you, anytime you want.

FZ
