Exempt Status: *(check one)*

- ☐ Ministerial (Sec. 15268)
- ☐ Declared Emergency (Sec. 15269 (a))
- ☐ Emergency Project (Sec. 15269 (b) (c))
- ☒ Categorical Exemption: § 15311 (a) (On-premise signs)

Reason(s) why the project is exempt:

The proposed project is categorically exempt pursuant to the California Environmental Quality Act (Public Resources Code §§ 21000, et seq.; "CEQA") and CEQA Guidelines

NOTICE OF EXEMPTION (NOE)

(14 Cal. Code Regs. §§ 15000, et seq.). Specifically, the project is categorically exempt from environmental review pursuant to CEQA Guidelines § 15311 (a) (On-premise signs).

Pursuant to the requirements of the California Environmental Quality Act (CEQA) (Public Resources Code, §§ 21000 et seq.), the regulations promulgated thereunder (14 Cal. Code of Regulations, §§ 15000, et seq.: State CEQA Guidelines), and the City's Environmental Review Guidelines, the project has been found to be exempt from CEQA under Section 15311 of the CEQA Guidelines and a Notice of Exemption is proposed.

The City of Goleta is acting as the Lead Agency for this project. The project has been found to be exempt from CEQA Guidelines per Section 15311 (a) because the project is the modification of an existing sign plan and installation of new monument and directional signage. The proposed signage meets the criteria of Section 15311 as the signs will provide on premise signage as minor accessory structures to an existing commercial shopping complex. The property will continue to be served by existing streets and driveways and will not change the demand on the existing infrastructure services. Further, the project would not alter any biological resources, cultural resources, geologic resources, or site drainage and would not impact visual resources. Therefore, given the minor nature of improvements, the project will not have a significant effect on the environment.

Moreover, none of the exceptions to the categorical exemptions set forth in State CEQA Guidelines section 15300.2 apply to the project. The exception set forth in State CEQA Guidelines section 15300.2(a), Location. Class 11 are qualified by consideration of where the project is to be located and the project is not located in or have an impact on an environmental resource of critical concern that is designated, precisely mapped, or officially adopted pursuant to law by federal, state, or local agencies. Section 15300.2(b)'s exception, relating to cumulative impacts, does not apply as, there are no other successive projects of the same type in the same place that could result in significant cumulative impacts. Section 15300.2(c)'s exception does not apply because there are no "unusual circumstances" that apply to the project; modifying a sign plan in a commercial district is not unusual. Section 15300.2(d)'s exception does not apply because the project is not located near any scenic highways. Section 15300.2(e)'s exception does not apply because the project site and off-site improvement locations do not contain hazardous waste and are not on any list compiled pursuant to Section 65962.5 of the Government Code. Finally, Section 15300.2(f)'s exception does not apply because the project has no potential of causing a substantial adverse change in the significance of a historical resource. Additionally, the projects site does not contain any identified significant cultural resources and no grading is proposed.
