Subject: MOU re Venoco Ellwood Facilities

Dear Jeff, Jennifer, and Seth,

I wanted to let you know that I cannot attend the City of Goleta City Council hearing on October 2, but I forwarded the staff and report and proposed MOU to the Env't Coalition. I am pleased that the SLC and the City have reached agreement on this topic, and that things are moving forward with the plugging and abandonment of the wells associated with Platform Holly and PRC 421, as well as the decommissioning of the piers, caissons, pipelines and cables, shoreline access road, and revetment.

Thank you for your work on this important matter.

Sincerely,

LK
