

**ERRATA TO THE
FIRE STATION 10 FINAL
ENVIRONMENTAL IMPACT REPORT
DATED SEPTEMBER 2018
SCH#
2017081066
FOR CASES 17-069-GPA-RZ-DP**

The City of Goleta has prepared this Errata sheet to clarify and correct information in the Final Environmental Impact Report (FEIR) for the Fire Station 10 Project. This Errata sheet includes minor edits to the FEIR for the Project and do not contain significant new information that deprives the public of a meaningful opportunity to comment upon a substantial adverse environmental effect of the Project or a feasible way to mitigate or avoid such an effect.

These minor corrections to the FEIR merely clarify information stated therein. The City has reviewed the information in this Errata sheet and has determined that it does not change any of the findings or conclusions of the FEIR and does not constitute “significant new information” pursuant to CEQA Guidelines Section 15088.5.

In conformance with Section 15121 of the State CEQA Guidelines, the FEIR and technical appendices, together with the Errata, are intended to serve as documents that will generally inform and clarify for the decision-makers and the public the environmental effects of the Project. This Errata, combined with the Mitigation Monitoring and Reporting Program, and Responses to Comments, comprise the Final EIR.

Page ES-3: Executive Summary; Landscaping description. Sentence two of paragraph 3 on this page should read (note strikeout text and underlined corrected text): Screening vegetation along the northern and eastern property boundary, including large 24-inch to 36-inch box specimen Monterey cypress, Coast live oak, and ~~New Zealand Christmas~~ Arbutus marina trees, would achieve a height of between 30 to 80 feet and would replace 56 trees to be removed.

Page 7-51: Response to Comment chapter, comment G-9: The first sentence of this paragraph should read (note strikeout text and underlined corrected text): The proposed Project ~~does not~~ includes a separate concrete masonry wall fence (wrought iron or otherwise) along the eastern boundary adjacent to The Hideaway residential site.
