CONSENT CALENDAR
Meeting Date: December 4, 2018

TO: Mayor and Councilmembers

SUBJECT: City of Goleta Legislative Platform for Calendar Year 2019

RECOMMENDATION:

Adopt Resolution No.18-__ entitled, "A Resolution of the City Council of the City of Goleta, California, Establishing the City of Goleta Legislative Platform for Calendar Year 2019."

BACKGROUND:

A legislative platform serves as a declaration of a governing body's position on the current policy issues it faces and provides a vehicle whereby its interests can be protected at the state and federal levels. Local government platforms often contain positions related to policy areas, including: public administration; community services; land use; revenue and taxation; public safety; environmental quality; economic development; and, public works. A legislative platform conveys to legislators, policymakers, the public, and the media where the Council stands on important policy issues. Similar to a strategic plan, a legislative platform also provides a mechanism for staff and Council to be on the same page and better coordinate execution of Council's policies.

A legislative platform allows the City to respond quickly in support of or in opposition to issues that could directly impact the City. For example, letters of support or opposition may be sent by the Mayor or staff without the need to convene the City Council for approval. Timing of these actions can be critical and very often the window to respond does not coincide with the Council's regular meeting schedule. A legislative platform allows for greater flexibility in reaching out to legislators and assists the City in communicating its interests at the state and federal level in a timely and economical manner.

The City's initial Legislative Platform (Platform) was established in 2010 and is reviewed and amended annually by the Ad Hoc Legislative Issues Committee. It allows the City to weigh in on important issues coming up in the upcoming legislative session as a result of the changing political landscape and issues facing local governments.

DISCUSSION:

During the 2018 legislative session, the City's legislative advocacy efforts included sending 15 letters, emails, faxes and 5 Council resolutions. The topics covered were energy/environment (3), oil (3), transportation (2), housing (1), transparency (1), liability (2), parks (2) cannabis (2), inverse condemnation (1), animal cruelty (1), and social issues (2).

Staff also had biweekly phone meetings with the City's lobbyist during the legislative session to discuss bill status, upcoming issues and specific topics of interest to the City – such as the funding requests for Ellwood Mesa and the Goleta Depot. Staff also communicated with Senator Jackson's and Assemblymember Limon's offices periodically regarding the City's funding requests.

To prepare for the 2019 update, the 2018 Platform was reviewed as the basis for the upcoming year. The Platform was routed to staff and the City's lobbyist for feedback and suggestions on any new initiatives or topics that might need to be included. Staff participated in a League of California Cities legislative webinar briefing that provided a review of 2018 bills adopted by the State Legislature as well as insights on issues the League foresees for the 2019 Legislative Session. Staff evaluated this information to help identify areas that have the potential to impact the City and may be considered for inclusion in the City's Legislative Platform.

On November 1, 2018, staff met with the Ad-Hoc Legislative Issues Committee – Mayor Paula Perotte and Mayor Pro Tempore Kasdin. The Committee members serve in an advisory capacity to review the Platform and provide input, making recommendations on proposed amendments.

The committee only had one suggested change to Animal Care on Page 14. The proposed change is from "Support legislation that increases the penalties for animal abuse" to "Support legislation that supports humane treatment of animals and that increases the penalties for animal abuse." The reason for this change is that the additional language would have allowed the City to support Proposition 12, which established new standards for confinement of specified farm animals and banned the sale of noncomplying products, without having to bring the item back to the City Council for full discussion. The resulting Draft 2019 Platform is provided in Attachment 2. The resolution is Attachment 1.

FISCAL IMPACTS:

Maintaining and updating the legislative platform does not include any significant fiscal impacts, other than staff time.

ALTERNATIVES:

The City Council could choose not to take action on a 2019 Legislative Platform at this time, and ask for additional information from staff. Staff would return with this item at a future meeting date, which would allow for additional Council consideration, but may limit the City's ability to actively engage in advocacy in the meantime and also provide information to our State Legislators as they prepare the bills they will introduce in 2019.

CITY OF GOLETA 2019 LEGISLATIVE PLATFORM

Introduction. Purpose and Scope

The purpose of the City of Goleta's Legislative Platform is to intentionally promote the adoption of state and federal legislation that will establish sound public policy for responsible governance; protect and enhance public health, safety and welfare; and aid the City's delivery of high quality services to its residents.

The Legislative Platform is intended to articulate the City's positions on issues that are currently, or are anticipated to be, the focus of future legislation by the state or federal governments. Overarching positions include opposing any federal or state legislation that takes away local control and opposing any unfunded mandates.

The positions contained in the Platform are intended to supplement the broad range of goals, policies and programs reflected in the Goleta Strategic Plan, the General Plan, the Municipal Code and other adopted documents. Therefore, advocacy efforts may be based on references articulated in these policy documents as they provide current direction for the City organization.

City departments are authorized to review proposed legislation to determine how it relates to the City's Legislative Platform and to recommend that the Mayor take a position on legislation that the department determines to be "high priority" and write letters, contact legislators, and otherwise communicate the position of the City as appropriate. The Mayor, or his/her designee, after conferring with City staff, may make contact with legislators to advocate for or against legislation which is consistent with the legislative platform.
