

**Agenda Item B.7**  
**CONSENT CALENDAR**  
**Meeting Date: December 18, 2018**

---

**TO:** Mayor and Councilmembers

**FROM:** Charles W. Ebeling, Public Works Director

**CONTACT:** James Winslow, Sr. Project Engineer  
Teresa Lopes, Sr. Project Engineer

**SUBJECT:** Amendments to Public Works Professional Services Contracts

**RECOMMENDATION:**

- A. Authorize the City Manager to execute Amendment No. 2 to Professional Services Agreement No. 2016-045 with KTU&A, for the Bicycle and Pedestrian Master Plan, extending the agreement to December 31, 2020 (Attachment 1);
- B. Authorize the City Manager to execute Amendment No. 3 to Professional Design Services Agreement No. 2017-006 with Bengal Engineering, Inc., for the Cathedral Oaks Cribwall Emergency Repair, for an additional \$30,000 for a total not-to-exceed amount of \$108,500 and to extend the expiration date to December 31, 2020 (Attachment 2);
- C. Authorize the City Manager to execute Amendment No. 1 to Professional Design Services Agreement No. 2017-121 with Cannon Corporation for the Rancho La Patera Improvements Project, extending the agreement to December 31, 2020 (Attachment 3);
- D. Authorize the City Manager to execute Amendment No. 2 to Professional Design Services Agreement No. 2017-127 with Drake Haglan and Associates, Inc., for the San Jose Creek Bikeway Middle Extent - Segment 1 Project, extending the agreement to December 31, 2020 (Attachment 4); and
- E. Authorize the City Manager to execute Amendment No. 1 to Professional Design Services Agreement No. 2017-130 with Kimley-Horn and Associates, Inc., for the Rectangular Rapid Flashing Beacons (RRFB) at Chapel and Pedestrian Hybrid Beacons (PHB) at Kingston, extending the agreement to December 31, 2020 (Attachment 5).

## **BACKGROUND:**

As a “contract city,” the Public Works Department employs a core group of personnel to manage an array of professional services, engineering consultants, vendors, and contractors. On December 20, 2016, Council approved the Public Works Department’s pre-authorized qualified consultants list for various Professional Engineering and Environmental Services. The process was based on the standard Qualifications Based Selection (QBS) process using formal Request for Qualifications (RFQ). The following consultants are on the pre-authorized qualified consultants list: Bengal Engineering Inc. (Bengal Engineering), Cannon Corporation (Cannon), and Kimley-Horn and Associates (Kimley-Horn). Council authorized professional design services agreements with Drake Haglan and Associates, Inc. (Drake Haglan) and KTU&A following Public Works issuing a formal Request for Qualifications/Request for Proposals (RFQ/RFP), evaluating the proposals, interviews, ranking, and selection process for the San Jose Creek Bike Path – Middle Extent – Segment 1 and Bicycle and Pedestrian Master Plan projects, respectively.

The agreements identified in Consultant Agreement and Amendments Timeline (Attachment 7) are set to end on December 31, 2018. Each agreement is also associated with a Capital Improvement Program (CIP) project. Public Works recommends Council authorize amending the following contracts for a time extension of two years from December 31, 2018 to December 31, 2020. The reasons for the time extensions are presented in the discussion section and summarized in Consultant Agreement and Amendments Timeline (Attachment 7).

Consultant Agreement and Amendments Timeline (Attachment 7) describe the history of the consultant contracts Public Works recommends amending, their associated CIP project names and numbers, the dates on which they were adopted, the original not to exceed amounts, the solicitation processes for the consultants, and any additional amendments. Each of these contracts are slated to end on December 31, 2018.

## **DISCUSSION:**

The Public Works Department recommends amending the agreements with KTU&A, Bengal Engineering, Cannon, Drake Haglan, and Kimley-Horn for two-year time extensions, extending the terms to December 31, 2020. The reasons for the recommended time extensions are discussed below and outlined in Consultant Agreement and Amendments Timeline (Attachment 7). There are sufficient funds remaining in the respective contracts to cover scope of work.

### **KTU&A: Professional Planning and Transportation services for CIP 9059 – Bicycle and Pedestrian Master Plan**

KTU&A has been working with the Public Works Department to develop the Bicycle/Pedestrian Master Plan. Council adopted the Bicycle/Pedestrian Master Plan on October 16, 2018. However, due to changes in staffing and resources, the scope of work Council authorized in Amendment No. 1 still needs to be completed. This includes an evaluation, analysis, and proposed layouts for the Fairview Avenue and Storke Road

corridors. Public Works will return to Council in the spring of 2019 seeking direction on the alternatives. Public Works is recommending to extend KTU&A's Agreement No. 2016-045 from December 31, 2018 to December 31, 2020.

Bengal Engineering: Emergency Design Services for CIP 9053 – Cathedral Oaks Cribwall Repair Project

Bengal Engineering is providing professional design services for the Cathedral Oaks Cribwall Repair Project. Bengal Engineering meets with City staff via conference calls and in person to coordinate repairs. Additionally, Bengal Engineering assists the City with FHWA Emergency Response Damage Assessments, emergency repair plans, and construction support as needed.

Public Works is recommending to increase the contract authority by \$30,000 for a total not-to-exceed amount of \$108,500 and to extend the expiration date from December 31, 2018 to December 31, 2020 (Attachment 2) to the agreement for Bengal to continue assisting with emergency repairs of the Cathedral Oaks Cribwall during the 2019 to 2020 winter storm seasons.

Cannon: Professional Design Services for CIP 9078 – Rancho La Patera Improvements Project

Cannon provides professional design services for the Rancho La Patera Improvements Project. Cannon's services encompass design, surveys, and project management of the Rancho La Patera Improvements Project.

Work on this project is ongoing and a time extension for this agreement is needed to continue with the prescribed scope of work. Public Works is recommending to extend Cannon's Agreement No. 2017-121 from December 31, 2018 to December 31, 2020.

Drake Haglan: Professional Design Services for CIP 9007 – San Jose Creek Bike Path – Middle – Segment 1 Project

Drake Haglan provides professional design services for the San Jose Creek Bikeway Middle Extent Project. Services include assisting in attaining project approval and environmental documentation, development and production of construction documents, and construction support. Drake Haglan is also assisting with right-of-way acquisition services for the San Jose Creek Bike Path Middle Extent – Segment 1 Project.

San Jose Creek Bike Path Middle Extent Segment 1 project was identified as a standalone project which will have independent utility. This portion of the bike path is adjacent to the new Johnny D. Wallis (former Hollister/Kellogg) Park and provides a connection between the new park and Armitos Park located at the end of Armitos Avenue. The project will also provide a safe and direct off-street connection to the new Hollister Kellogg Park for neighborhoods adjacent to Armitos Avenue. The design has been completed and the contract needs to be extended for Drake Haglan to continue to provide Construction Support and finalize as-builts after the construction of this portion of the bike path has been completed. Public Works is recommending to extend Drake Haglan's Agreement No. 2017-127 from December 31, 2018 to December 31, 2020.

Kimley-Horn: Rectangular Rapid Flashing Beacons (RRFB) at Chapel and Pedestrian Hybrid Beacon (PHB) at Kingston Project

Kimley-Horn provides professional design services for the Rectangular Rapid Flashing Beacons (RRFB) at Chapel and Pedestrian Hybrid Beacons (PHB) at Kingston Projects. Kimley-Horn is completing the design and preparing the Plans, Specifications, and Estimates (PS&E) package. Public Works will return to Council in the spring of 2019 requesting authorization to bid the project.

Public Works is recommending an amendment to correct a discrepancy in the agreement's original termination date, thereby extending the term two years from December 31, 2018 to December 31, 2020.

**FISCAL IMPACTS:**

There are sufficient funds to support the term extensions and therefore no fiscal impacts to the amendments of these agreements.

**ALTERNATIVES:**

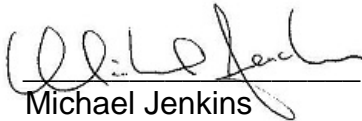

The City Council may elect not to authorize these contract amendments for time extension and direct the Public Works to seek statements of qualifications and proposals from additional qualified firms. However, doing so could delay the corresponding CIP projects.
