PARKS & RECREATION COMMISSION

**PRESENTED BY: JOANNE PLUMMER, PARKS & RECREATION MANAGER
DEPARTMENT OF NEIGHBORHOOD SERVICES & PUBLIC SAFETY**

HISTORY

- ❖ In February of 2018, the City of Goleta kicked off the Parks, Facilities and Playgrounds Master Plan Process
- ❖ In June of 2019, a draft was reviewed at the Parks and Recreation Commission meeting
- ❖ In August of 2019, a revised draft was reviewed and, with changes, was recommended for Council Consideration
- ❖ On January 16, 2019, the City Council reviewed, amended and adopted the Goleta Parks, Facilities and Playgrounds Master Plan (Plan), providing direction to staff to have the Parks & Recreation Commission prioritize the recommendations

PRIORITIZATION PROCESS

- ❖ Commissioners were asked to review the recommendations/goals and objectives from the Plan
- ❖ Commissioners were asked to complete a worksheet of the recommendations that would provide a starting point for tonight's discussion
- ❖ As the worksheet is populated with input from the Commission, the recommendations will be presented in ascending order, based on the cumulative average of the Commission's responses
- ❖ This will be our starting point for this evening's discussion

POINTS OF CONSIDERATION

- ❖ The Commission is an advisory body to the City Council
- ❖ There are a few recommendations that may be perceived as a best practice, rather than a specific task
- ❖ There are some recommendations that may require a City General Plan amendment
- ❖ The Commission has received public comment from the Audubon Society related to this topic
- ❖ Prior to deliberations, the Commission may want to hear from members of the public

NEXT STEPS

- ❖ Priorities will be brought to the City Council and categorized in a few different ways:
 - ❖ A listing of the priorities as approved by the Commission tonight
 - ❖ Potential timelines for the priorities
 - ❖ Estimated costs for short term goals
