Development Plan-Conditional Use Permit
Conditions of Approval

SECTION 37 **Megapack Operation and Safety Planning**

- i. Prior to the issuance of building permits, the Applicant/Permittee must provide environmental insurance, for which limits shall be set by the Public Works Director, to mitigate the risk of any hazardous events and ensure that the cost of future decommissioning of the project facility does not involve the cost of removal of any contaminated soils or equipment to the satisfaction of the Santa Barbara County Fire Department.
