Subject: Gap financing for Vera Cruz Project

I am a Local 805 Carpenter and the city should enforce Skilled and Trained Workforce requirements that benefit the community before it agrees to investing additional funds on the Vera Cruz Project. I have worked in the area many years and would like my Union brothers and sisters to have the same opportunity's

I would love to continue to work in the beautiful city of Santa Barbara. It would be great to work local so i can be able to get home sooner and not be stuck in traffic for 3 hrs so i can spend more time with my children.

Thank you,
Gabino Villarreal

I'm a Local 805 Carpenter and believe the new Rehab Center should be required to employ a local Skilled and Trained workforce. GVCH has a history of hiring out of area workers leaving many unemployed. I have had the pleasure of working at a Goleta Valley Cottage Hospital 5 years ago and was the only union contractor. I believe the job needs to be all union so I have the opportunity to work closer to home.
